

Addendum

Addendum No. 1

Date: 9/5/2024

Project Number: 4415-01-16 (25)

Project: MEA HVAC Controls & Ventilation Upgrades
100 S. Warren St.
Helena, MT 59601

Bid Date: 9/24/2024

2:00 P.M. at HHA Conference Room, 812 Abbey St., Helena, MT 59601

Bidders for the above-captioned project are hereby informed that the drawings and/or specifications are modified, corrected or supplemented as follows. Acknowledge receipt of Addenda on Bid Form.

General Notes:

ITEM G-1 The project requires the coordination of the new thermostat and unit master controls software with Pinion Technology Core (PTC). PTC is HHA's third-party provider for all IT related services and thus needs to be included in any work that would tap into HHA's IT systems. The running of cabling for instance as a simple hardware installation could be allowable without oversight (as this is likely industry standard), but anything related to software, system securities, and ancillary hardware needs to be overseen by PTC.

END OF ADDENDUM

Crossman-Whitney-Griffin, Inc.

Matthew Avar, Project Architect
